The Breath of Life

"O Lord, you are righteous, and your regulations are fair. Your laws are perfect and completely trustworthy. I am overwhelmed with indignation, for my enemies have disregarded your words. Your promises have been thoroughly tested; that is why I love them so much. I am insignificant and despised, but I don't forget your commandments. Your justice is eternal, and your instructions are perfectly true. As pressure and stress bear down on me, I find joy in your commands. Your laws are always right; help me to understand them so I may live."

WTF fun fact #B677

A single day on Venus lasts longer than an entire year on the same planet! Venus spins on its axis so slowly that it takes 243 Earth days to complete one rotation, while orbiting the Sun in just 225 Earth days. This means if you were on Venus, you'd celebrate a year passing by before you even saw one complete sunrise to sunset cycle.

Hints For Homeowners

Simple Ways to Lower Your Heating Bill

(NAPS)—There's good news for the 46% of U.S. households who heat their homes with natural gas this winter: it's expected to cost 7.8% less this year than last year. Heating with electricity or oil, however, will likely cost more.

Saving on Energy

Fortunately there are ways everyone can save. One of the biggest sources of a house's energy consumption is the HVAC system. According to the U.S. Department of Energy, families can cut their energy bill by 20-30% simply by doing proper equipment maintenance, and air duct cleaning is a way to save big money on energy bills.

A clean HVAC system is more efficient and doesn't use as much energy to maintain a comfortable temperature this winter, ultimately saving you money on utility costs.

Indoor air contains unseen pollutants: dust, dander, pollen, mold, chemicals, and more. Your heating and cooling system circulates the contaminated air through the air duct pathways and it can build up in the ductwork and on other components.

Dirty HVAC systems—especially dirty coils—use up to 30% more energy resulting in higher utility bills.

The National Air Duct Cleaners Association (NADCA) recommends having a professional clean the entire HVAC system.

One way to make sure you get a qualified contractor to do the job right is to search the NADCA online directory for a nearby member employing technicians with advanced training and certification in HVAC system cleaning.

Bidders should complete their own due diligence prior to the sale.

Did you know that raindrops come in different sizes, with variations depending on the weather conditions within the cloud, ranging from tiny drizzle droplets to much larger drops during heavy rain, with the largest raindrops typically reaching around 4 millimeters in diameter; this size difference is primarily due to collisions and merging of smaller drops within the cloud as they fall.

Small drops:

Drizzle consists of very small raindrops.

Large drops:

Heavy rain produces larger raindrops, often due to strong updrafts within the cloud causing collisions between smaller drops.

Shape change:

As raindrops get larger, their shape changes from spherical to flattened due to air resistance.

Breaking up:

Very large raindrops can become unstable and break apart into smaller drops as they fall.

But godliness with contentment is great gain. For we brought nothing into the world, and we can take nothing out of it. But if we have food and clothing, we will be content with that. Those who want to get rich fall into temptation and a trap and into many foolish and harmful desires that plunge people into ruin and destruction. For the love of money is a root of all kinds of evil. Some people, eager for money, have wandered from the faith and pierced themselves with many griefs.

The Lord is compassionate and gracious, slow to anger, abounding in love. He will not always accuse, nor will he harbor his anger forever; he does not treat us as our sins deserve or repay us according to our iniquities. For as high as the heavens are above the earth, so great is his love for those who fear him; as far as the east is from the west, so far has he removed our transgressions from us. As a father has compassion on his children, so the Lord has compassion on those who fear him;...

New movie tool makes it easier to find and stream trending holiday content

(NAPS)—The next few months will be filled with holiday cheer—not just in spirit, but on our screens. From Thanksgiving hits to Christmas classics, there's no shortage of holiday movies to snuggle up with during the coziest time of the year.

But if you're like us, you might be suffering from the never-ending scroll brought on by content choice overload. You're not alone—a whopping 49% of

From now through Christmas and beyond, a new database makes it easier to find and stream trending content.

viewers say they find it hard to know what content is on which streaming service. Meaning, we're all spending a lot of time clicking through what to watch, and where to watch it. While the luxury of streaming has made entertainment more accessible than ever before, it comes with the potential downside of spiraling into indecision.

An Answer

Enter the Holiday Movie Discovery Tool, just in time for the festivities. You can now explore the best movies of the holiday season all in one place.

Not only will you be able to find top-rated films for any mainstream holiday in seconds, you can also narrow the search based on rating and genre. Plus, you can instantly see where to stream your movie of choice.

Family-friendly, familiar or new, the Holiday Movie Discovery Tool is designed to connect viewers with trending movies for each season:

- Thanksgiving
- Hanukkah
- Christmas
- New Year's
- Valentine's Day
- St. Patrick's Day
- Easter
- Mother's Day
- Father's Day

Since Christmas in Brazil falls in mid-summer, it's a summer festival celebrated with fireworks, picnics and boating excursions.

"An attitude of gratitude is always obvious. If we are grateful for what God has done for us and given to us, others will see our appreciation of it in everything we do. David gave us a fourfold formula to follow. "I will thank You Lord, with all my heart." The thanksgiving he describes is total and consumes all of his being - his entire self. The word he used for heart would include his consciousness of God's presence, his memory of God's goodness and his awareness of God's grace. He worshiped God with excitement, enthusiasm and expectation. "I will tell all of the marvelous things You have done." Marvelous comes from a word that means

"extraordinary, not to be surpassed by anyone and wonderful!" He is so overwhelmed by God's blessings on his life that he wants everyone to hear about it. "I will be filled with joy!" Joy is the natural state of the one who trusts in the Lord. Knowing that "all things work together for our good" should cause His joy to radiate from our hearts into our heads and out through our hands. Everything we do should be done with a smile on our face and gladness in our eyes. "I will sing praises to Your Name, O Most High." Notice that there is only one letter different between the word "sin" and "sing" - the letter "g" - that stands for God. When we give up sin for the Savior, God gives us a new song to sing. It is a song about the Savior who loves us, gave Himself for us, is present in us and cares for us."

1 JOHN 1: 5 - 9

This is the message we have heard from him and declare to you: God is light; in him there is no darkness at all. If we claim to have fellowship with him and yet walk in the darkness, we lie and do not live out the truth. But if we walk in the light, as he is in the light, we have fellowship with one another, and the blood of Jesus, his Son, purifies us from all sin. If we claim to be without sin, we deceive ourselves and the truth is not in us. If we confess our sins, he is faithful and just and will forgive us our sins and purify us from all unrighteousness.

1 JOHN 4: 1 - 4

Dear friends, do not believe every spirit, but test the spirits to see whether they are from God, because many false prophets have gone out into the world. This is how you can recognize the Spirit of God: Every spirit that acknowledges that Jesus Christ has come in the flesh is from God, but every spirit that does not acknowledge Jesus is not from God. This is the spirit of the antichrist, which you have heard is coming and even now is already in the world.

You, dear children, are from God and have overcome them, because the one who is in you is greater than the one who is in the world.

..... Speed Bump

The Holiday Season is now upon us once again, and all the sights and sounds of Christmas are everywhere. It certainly is a busy and exciting time of year. So much to do, so many activities to enjoy. Fun, fun, fun!

In all the excitement of the Christmas season, there is one holiday which is often put on the back burner until a few days before it gets here - Thanksgiving. While speeding towards December 25 we slow down just enough for a single day with family and friends in late November. Thanksgiving has become a speed bump on the road to Christmas. This should not be the way that we live our lives. Thanksgiving is much more than having a great feast of wonderful foods and enjoying time with family and friends. This is a good thing to do; however, thanksgiving needs to be a lifestyle. When we are thankful, we are full of joy and peace. When we are unthankful, we do not have joy or peace. What it comes down to is that we have a choice of where we put our focus. We can choose to give more attention to the difficulties in life or we can choose to give more attention to the blessings in our lives. Where our focus is determines our course in life. Thankfulness builds us up and makes us joyful and productive, passing many blessings along to other people, while unthankfulness makes us bitter, unproductive, and unable to bless others. God has many blessings for us - all that he asks in return is that we give him thanks and that we maintain an attitude of thankfulness. God is the source of all that we need in life. Everything comes from Him. God's Word says: "Every good and perfect gift is from above, coming down from the Father of the heavenly lights, who does not change like the shifting shadows (James 1 :17). "There is one requirement to receive all the blessings that God has for us: we must be thankful. The Bible says: "Be joyful always; pray continually; give thanks in all circumstances, for this is God's will for you in Christ Jesus (1 Thessalonians 5: 16 - 18)." We are even told to present our requests to God in prayer with thanksgiving. It comes down to this: if we want our prayers answered, we must be thankful. Let's all remember that God is the source of all our needs. He enables us to work and produce income and wealth, and provides the food that we buy at the store. Every farmer knows that man plants the seed and waters the seed, but God makes it grow. He sets events in place in order to bless all who love him and give him thanks. God wants us to be filled with the joy that comes from thanksgiving. A local preacher recently said, "Happiness comes from an ever changing world; Joy comes from a never changing God." We can look at the glass as half full or half empty. With the world's version of happiness, our glass is always emptying; With God's joy in our hearts, our glass is always filling up to overflowing. Remember Psalm 23: " .. thou anointest my head with oil, my cup runneth over. Surely goodness and mercy will follow me all the days of my life; and I will dwell in the house of the Lord forever."

Happy Thanksgiving!

Being patient is not always easy. In fact, it is often very difficult. In this age where immediate gratification is sought by so many people around us, and often by ourselves, it can seem like many things in life take far too long to come to pass. A wise person once said, "Good things come to those who wait." But, how long must we wait? The answer to that question is "as long as it takes."

Anyone parent who has raised a difficult child who regularly makes poor choices and gets into a great deal of trouble as a result of those choices, knows that the proverbial "light at the end of the tunnel" can seem out of reach. Along the journey of parenting, there are highs and lows, victories and setbacks. The important part of the entire process is to keep moving forward and to do the things that must be done for that child to begin consistently making good choices that have good outcomes, so that the child can become successful and fulfilled in life.

This is the case for all of us at different times in our lives. We all face struggles in life. Often it seems as though at times we are walking through mud, and it seems to go on without an end in sight. Those are the times that we all need to stay focused in prayer on a daily basis. Sometimes it seems as though our prayers are not being answered or

even being heard. The fact is that God always hears our prayers for His help and guidance in life. The struggles and hardships that we all face can have the effect of making us stronger and wiser. I believe that one of the most challenging parts of going through hard times is not knowing how long they will last. What is helpful and necessary during these times is to pray and trust that God will give us the strength to persevere and the ability to find peace in the middle of turmoil. God always sees "The Big Picture." He alone is working out all the details of what must take place in the background to bring us through the hardships to the point of having victory over them. This process has no set time frame, it simply takes as long as it takes. God puts people in place to help us in ways that we cannot even see. Simply put, He does much of his work in the background of our lives. Often, we continually pray for a situation to get better, and it seems as though prayer is not working because we don't see the results in a short period of time. The most important thing to do is to keep praying and trust that God is working on our behalf in ways that we cannot see. We will arrive at victory over the hardships of life if we continue to pray in faith and not ever give up hope.

THE BIG PICTURE

"Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up."

More than 100 years ago, Jules Verne wrote a satire about life in the 1960s, in which he forecast the telephone, the computer and the fax. The name of the book is Paris in the 20th Century. Written in 1863, it was rejected by a French publisher, tossed into a trunk, and forgotten by Verne. It was published in 1994 after a Verne descendent happened upon the yellowed manuscript.

The Cookeville Farmer's Market is full with farmers, bakers, and customers during the summer. The market peaks with in July with a diverse amount of vegetable farmers. "OK, yes, I suppose if we had a sled
this could be fun, but..."

As water reflects the face,
so one's life reflects the heart.

Proverbs 27:19

Make A Difference - Become A Blood Donor

Thank the
Donor™

Thank the Donor™ allows patients to connect
with blood donors and this is the story of a child
who is alive today because of blood donors!

"You'll never know how much your donation
means to my family and me. When my son was
born, he was missing 70% of his blood the NICU
staff was calling down to the lab yelling for STAT
blood, saying they needed it before he was born.

In our story, minutes mattered. He ended up
getting five transfusions over two days, plus
plasma and other blood products. Because of
donors, I got to take my son home 32 days
later.

Over our time in the hospital, we learned that if
we waited 20 more minutes to get to the
hospital, he wouldn't have made it. If the blood
bank didn't have your blood, he wouldn't have
made it.

So, from the bottom of my heart, thank you for
being a huge reason my baby is alive."

"Berry Nut-ritious" Muffins

(NAPSA)—The delectable walnut ranks as one of the most widely consumed nuts in the world. California produces the highest-quality English walnuts in the world; its crop accounts for 98 percent of the U.S. market and approximately 40 percent of the world market. Walnuts are full of healthy benefits: They are a great source of protein and fiber and contain significant amounts of thiamine, vitamin B6, folacin and vitamin E. Other mineral value comes from iron, zinc, copper, magnesium, phosphorus and potassium. In addition, walnuts are rich sources of antioxidants and their high percentage of omega-3 fatty acids helps make walnuts "heart-friendly."

Here's one nutritious way to enjoy walnuts:

Berry-Walnut Muffins

Ingredients:

- ½ cup plus 2 tablespoons Diamond Chopped Walnuts
- 2 cups flour
- 1½ teaspoons baking powder
- 1 teaspoon baking soda
- ½ teaspoon salt
- ¾ cup buttermilk
- ¾ cup packed light brown sugar
- ½ cup unsalted butter, melted
- 2 eggs
- 1 teaspoon vanilla extract
- 1 cup fresh or unsweetened frozen raspberries, blackberries or blueberries

Directions:

Preheat oven to 350°. Spread walnuts on a baking sheet or in a shallow pan. Bake, stirring once or twice, until lightly browned and fragrant, 5 to 10 minutes. Let cool. Leave oven set at 350°. Line 14 to 16 (2½-inch) muffin cups with paper

Marvelous muffins made with walnuts can be nutritious as well as delicious.

baking cups or coat with vegetable oil spray.

In a large bowl, whisk together flour, baking powder, baking soda and salt. In another large bowl, whisk together buttermilk, brown sugar, butter, eggs and vanilla. Stir berries and ½ cup of the toasted walnuts into buttermilk mixture, then stir in flour mixture just until dry ingredients are moistened (do not overmix). Spoon batter into muffin cups, filling each about three-fourths full. Sprinkle muffin tops evenly with remaining 2 tablespoons walnuts. Bake until a toothpick inserted into the center of a muffin comes out clean, 20 to 25 minutes. Cool 5 minutes in the pans, then transfer to a wire rack. Serve slightly warm or at room temperature.

Yields 14 to 16 muffins

This recipe comes from Diamond of California, the most popular brand of nuts for year-round meal preparation, baking and natural snacking, making it easy to add wholesome, versatile nuts to your daily menu without ever getting bored.

PROVERBS 11: 24 - 28
 One person gives freely, yet gains even more; another withholds unduly, but comes to poverty. A generous person will prosper; whoever refreshes others will be refreshed. People curse the one who hoards grain, but they pray God's blessing on the one who is willing to sell.
 Whoever seeks good finds favor, but evil comes to one who searches for it. Those who trust in their riches will fall, but the righteous will thrive like a green leaf.

WTF fun fact #12437

Snowflakes fall at roughly 1.5 miles per hour. Each snowflake you see has traveled for 45 minutes to an hour in order to reach the ground.

wtffunfact.com

STANDING FIRM

Our lives are filled with stuff. "What do you mean by stuff?", you ask. Just that. STUFF. I'm not talking about going to work, spending quality time with our families, or doing all those routine tasks that we have to perform to keep our lives in some type of order. Webster's Dictionary defines STUFF as: "the material out of which something is made; substance; household or personal articles; unspecified material; worthless material." So there you have it. Just about everything that we have which doesn't fit in any particular category is "Stuff"- or Worthless Material!

So what? Well, it's the Stuff in our lives that gets in the way. What's NOT important is- the size of the engine in your new SUV; the dollar value of your bank account; the number of times you can afford to go out to eat during the week. Now we need to really focus on what IS important. The Bible says, "He must manage his own family well and see that his children obey him with proper respect. (If anyone does not know how to manage his own family, how can he take care of God's church?). 1Timothy 3:4-5.

I've discovered that God places tremendous value on the family structure. It's this very structure that has been allowed to disintegrate in our society. Little by little, piece by piece, we have allowed the minority to direct and dictate what should be of value. It's those very groups that have managed to deceive us into believing that we have selfish desires that must be met. When in reality- it's those very "apples"; those forbidden fruits- that have caused us to fail our families and allow our children to flounder.

We shouldn't need to preach to the choir. It's time to stop being so consumed with what we DON'T have, start looking at what we DO have, and at what we COULD lose. We are the majority. America was founded as a Christian nation. And the last time I looked- a democracy rules! So- Stand Firm! Stop working yourself to death for that fancy car or home that's too big anyway.

STOP! LOOK! LISTEN! Our children and our families need our attention- NOW, not LATER!

IF YOU DO NOT
STAND FIRM IN
YOUR FAITH. YOU
WILL NOT STAND
AT ALL.

SALVATION PATHWAYS

BELIEVE
in Jesus

"Salvation is found in no one else, for there is no other name under heaven given to mankind by which we must be saved."
- Acts 4: 12

LIVE
Like Jesus

"...whoever believes in me will do the works I have been doing, and they will do even greater things than these."
- John 14:12

LOVE
Like Jesus

"Dear children, let us not love with words or speech but with actions and in truth."
- 1 John 3: 18

Celebrate Responsibly by Lisa Luck

Holidays are fun. They distract us from our day-to-day existence, give us a chance to visit with friends and/or family and provide a framework for traditional and special foods. Unfortunately, it also increases the amount of waste we generate. Activity means waste. The more activities we participate in – the more waste there is. It is easier to manage waste with careful planning rather than waiting till the end of the holiday. It is important to reduce waste because not only are our landfills getting full, but also it takes a lot of resources to make products. The manufacturing process takes energy and water. The less we do – or the more carefully we do – the less there is to throw away.

This holiday season, let us consider from the front-end how waste can be reduced in upcoming celebrations. The easiest way is to buy less and buy only what is needed. Instead of purchasing festive plastic tablecloths, plates and cups that will all be discarded in the trash, use cloth tablecloths and regular silverware. Plastic plates and cups can be replaced with biodegradable cardboard plates and cups. Plastic lingers indefinitely in the environment and it is best to avoid it whenever possible.

Give the gift of time to friends and family rather than purchasing a trinket. The time spent over a meal or working together on a project will be remembered and appreciated much more than the receipt of another little gift that sits on the shelf collecting dust. We all have too much stuff. Over forty percent of Americans have storage units because they have more stuff than will fit in their homes. Receiving a gift of food is much appreciated and has a limited shelf life! Making a donation to a worthy cause in the name of your friend or family member is also a generous way to share with others who are less fortunate.

Many of us cook traditional holiday meals. This usually involves large quantities of (delicious) food. Prevent food waste by refrigerating leftovers. Food must not sit unrefrigerated for over two hours and meat should be refrigerated even sooner. Freeze excess for future meals. Compost organic waste if you have room in your yard. For instructions how, go to www.whYWastegarbage.com. If you need additional help, contact me through the website. Compost provides nutrients for gardens and flower beds and is a better way to manage food than putting it into the trash. Food waste that is disposed in a landfill emits methane gas as it decomposes which is the third leading cause of the warming of the atmosphere.

When traveling out of state, if possible, drive instead of flying. Flying uses much more fuel than driving. Emissions from gas-powered transportation is the leading cause of carbon that is found in the atmosphere.

Holidays are more about spending time together than anything else. Reducing the waste that we generate while celebrating is a bonus for the environment. I hope all of you have a wonderful holiday season.

Youth Villages is a private, nonprofit organization dedicated to helping children with emotional and behavioral problems and their families live successfully.

We provide direct help to thousands of children and families each year; partner with innovative states and high-performing nonprofit organizations that use our effective program models; and advocate for positive change to child welfare systems around the country.

Our approach involves intensive work with the child and family; a focus on measuring outcomes; keeping children in the community whenever safely possible; and providing accountability to families and funders. The Youth Villages approach produces lasting, positive change for children.

While we help children from birth to age 22, the majority of the children who receive services from Youth Villages are between 12 and 17.

Children come to us because of emotional and behavioral disorders, physical or sexual abuse, substance abuse, or suicidal ideation or attempt. Our LifeSet program is a bridge from foster care to successful adulthood for young people who have experienced foster care.

More than 85% of Youth Villages children have multiple problems, which may include developmental or learning disabilities, as well as family issues and instability.

Next Step for Life is a transitional housing program for men and women. Residents of the program live in either the men's or women's home with a Christian family environment and participate in classes that teach a broad range of healthy life skills. They will also be provided with food and other basic needs. Residents learn how to manage a home, organize themselves and have a routine. They develop boundaries and experience coping with life in a healthy manner. They receive financial training and make a budget as they make a plan for when they complete the program

JAMES 5: 13 - 16
Is anyone among you in trouble? Let them pray. Is anyone happy? Let them sing songs of praise. Is anyone among you sick? Let them call the elders of the church to pray over them and anoint them with oil in the name of the Lord. And the prayer offered in faith will make the sick person well; the Lord will raise them up. If they have sinned, they will be forgiven. Therefore confess your sins to each other and pray for each other so that you may be healed. The prayer of a righteous person is powerful and effective.
